

CAMDEN NJ, September 8, 2020 -- Channel Logistics LLC (dba Space-Eyes), a New Jersey-based geospatial analytics company, today announced that it is privileged to be associated with an Advisory Board of eminent industry leaders. They include Honorable Sue C. Payton; and ADMIRAL Timothy J. Keating (USN Retired); and GENERAL Kevin P. Chilton (USAF Retired); and MAJOR GENERAL Catherine A. Chilton (USAF Retired).

The Company Director Dr. Harbir Singh of the Wharton Business School observed that the Advisory Board will be instrumental in helping us shape our product and service offerings to meet the warfighters needs and better understand the evolving use of AI in the Battlespace.

About Space-Eyes

Channel Logistics LLC (dba Space-Eyes) is a GEOINT Analytics company building a virtual constellation that provides ISR INSIGHT into the Global Littorals to address non-traditional asymmetric threats. We have served US and US Coalition government customers and major primes globally since 9/11. For more information, visit www.Space-Eyes.com.
